Washington D.C. 20590

Honorable Secretary Foxx,

I am writing the following letter in support of the City of Ottawa, KS submission for funding of the completion of Davis Road improvements through FY 2014 TIGER grant funding from the U.S. Department of Transportation.

As you know, transportation infrastructure is crucial to any manufacturing or warehouse/distribution operation and the transportation links Davis Road provides to our company are no exception.

FY 2014 TIGER grant funding will improve not only our ability to potentially expand in Ottawa, KS and to improve operational efficiency but will also improve the ability for our employees and business affiliates to have safe access into and out of the Northeast Ottawa Industrial park. Grant funding support of bike and walking paths in the park will also improve our ability to provide better health and wellness to our employees.

If you have any questions regarding the Ottawa, KS TIGER grant submittal, please do not hesitate to contact Scott Bird, City of Ottawa Finance Director at (785) 229-3615.

Sincerely,

Wayne Baylor
Director of Contract Procurement

Honorable Secretary Foxx,

I am writing the following letter in support of the City of Ottawa, KS submission for funding of the completion of Davis Road improvements through the FY 2014 TIGER grant funding from the U.S. Department of Transportation.

Our company had the pleasure of moving and expanding our business to the Industrial Park of Ottawa, KS in 2009. We have watched this area develop. We are anxious to see it to continue to grow and prosper. Our business employs over 70 people that drive and walk these streets each day. FY 2014 TIGER grant funding will improve the ability for our employees and business affiliates to have safe access into and out of the Northeast Ottawa Industrial park.

As a sport awards company, our business is very fitness orientated. We encourage our employees to walk and run over their breaks and lunch. We do not have sidewalks or bike lanes in the areas that our employees walk. Safety is one of our number one concerns for our employees. By developing the bike and walking paths in the park, this will also improve our ability to provide better health and wellness to our employees.

If you have any questions regarding the Ottawa, KS TIGER grant submittal, please do not hesitate to contact Scott Bird, City of Ottawa Finance Director at (785) 229-3615.

Regards,

Steven Hasty

Honorable Secretary Foxx,

We are writing the following letter in support of the submission by the City of Ottawa, KS, for funding of the completion of Davis Road improvements through FY 2014 TIGER grant funding from the U.S. Department of Transportation.

We are a growing manufacturing facility located in the Northeast Ottawa Industrial Park such that improved transportation infrastructure is crucial to our operation. The FY 2014 TIGER grant funding will not only improve our ability to continue to expand in Ottawa, KS and increase operational efficiency but will also improve the ability for our employees and business affiliates to have safe ingress and egress to and from the industrial park. Grant funding support of bike and walking paths in the park will also improve our ability to provide better health and wellness to our employees which has become an even more important focus now that we are part of the TriMas Corporation's Aerospace Division.

If you have any questions regarding the Ottawa, KS TIGER grant submittal, please do not hesitate to contact Scott Bird, City of Ottawa Finance Director at (785) 229-3615.

Sincerely,

Dee Henrichs

Honorable Secretary Foxx,

Aware that the City of Ottawa, KS will be submitting a grant request to the FY 2014 TIGER Grant funds from the U.S. Department of Transportation for funds to be dedicated to the completion of Davis Road improvements, I would like to proffer this letter to indicate my support for this application.

As you are fully aware, transportation infrastructure is critical to any and all manufacturing or warehouse/distribution operations. The transportation links that Davis Road provides for our company and the other companies located in the industrial park are a essential to our ongoing business success and propagation.

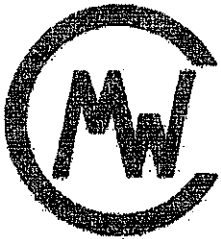

Monies from the FY 2014 TIGER grant funding will not only enhance our ability to potentially expand in Ottawa, but will also improve the ability for our employees and business affiliates to have safe access into and out of the Northeast Ottawa Industrial Park. Funding will also be used to support bike and walking paths in the park, enabling us to provide opportunities for better health and wellbeing for our employees.

Any further questions regarding the Ottawa, KS, TIGER grant submittal should be directed to Scott Bird, City of Ottawa Finance director, who will be happy to assist in any way. He may be reached at (785) 229-3615.
