RE: Davis Avenue/Montana Road Upgrade
City of Ottawa
Franklin County

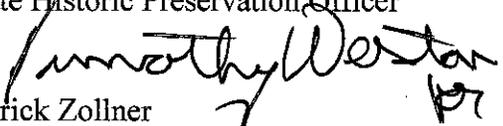

Dear Mr. Yahl:

The Kansas State Historic Preservation Office has reviewed its cultural resources files for the area of the above-referenced project in accordance with 36 CFR 800. The project, as proposed, should have no effect on properties listed in the National Register of Historic Places or otherwise identified in our files. This office has no objection to implementation of the project.

Any changes to the project area that include additional ground disturbing activities will need to be reviewed by this office prior to beginning construction. If construction work uncovers buried archaeological materials, work should cease in the area of the discovery and this office should be notified immediately.

This information is provided at your request to assist you in identifying historic properties, as specified in 36 CFR 800 for Section 106 consultation procedures. If you have questions or need additional information regarding these comments, please contact Tim Weston 785-272-8681 (ex. 214). Please refer to the Kansas Review & Compliance number (KSR&C#) above on all future correspondence relating to this project.

Sincerely,
Jennie Chinn
State Historic Preservation Officer
